HEBE head bands are made with wicking fabric that helps pull sweat away from the hair and skin for comfort keeping your hair and skin cool and dry. **HEBE** head band’s open tie back feature allows you to personalize your fit and keeps your hair in place while you exercise. Our special wide band can be folded into a thinner band and is reversible for a stylish post workout look.

HEBE head bands are available in a wide range of colors from solids, to fun looking prints, to neon, which glow in the dark, for when you are exercising at night. We welcome custom design requests, with a minimum order of 25 pieces.
